## 2020 CMBG Virtual Conference Registration is Now Open!

September 10, 2020

**To: All Interested CMBG Conference Attendees**

PKMJ Technical Services is pleased to host the 27th annual Configuration Management Benchmarking Group (CMBG) conference as a virtual half-day event on **Wednesday, October 21** from **1 PM to 5 PM Eastern Time**. The registration for this year's conference is now available on the CMBG website: <http://cmbg.org/> and this year's conference is FREE this year. The deadline for registering for the conference is **Friday, October 16 at 11:59 PM Eastern Time**.

The direct link to the registration page is provided here: <http://cmbg.org/2020info/registration.htm>

The CMBG conference covers timely topics of true relevance to implementation of successful CM programs. As in the past, the 2020 conference promises to be another informative benchmarking forum that enables knowledge-sharing of best industry practices.

This year's conference will cover topics including the Standard Item Equivalency Process (SIEP), Digital Design Process, Electronic Calculation Process, and some updates on the Digitalization of Shin Kori in South Korea. This conference will provide a great opportunity to benchmark and share insights on this new process and other cost saving measures. It is critical that we maintain excellent Configuration Management programs through these times of rapid change.

We will continue to send weekly reminders for the conference to those that may be interested in signing up.

If you have questions please contact Kyle Nase ([nasek@pkmj.com](mailto:nasek@pkmj.com)) or Paul Davis ([Paul.Davis@pseq.com](mailto:Paul.Davis@pseq.com)).

Regards,

**Kyle Nase**
